

GALAXY **GO** SERIES

RATING: 20 - 650 kVA

MAIN UK DEALERS FOR

Industrial power is **GO**

The GO version GALAXY generating set range offers the same great features as the GALAXY GX only without a sound or weather proof canopy

- Wide range of popular diesel engines
- Stamford or Marelli alternators
- Deep Sea control panel
- Heavy duty bunded fuel tank
- Heavy duty engine/alternator mounts
- Battery isolator and heavy duty battery as standard.
- Wide range of standby options to choose from

STANDARD EQUIPMENT

- Industrial engine, complete with cooling system, injection system with automatic speed regulator and electrical ignition system
- Industrial, brushless alternator with electronic voltage control system
- Control and governing panel box with the Deep Sea device
- 3 or 4 pole circuit breaker
- GV-series modular baseframe - Fuel tank with electronic level
- High damping anti-vibration mounts placed between the engine/alternator and baseframe
- Fuel decanter filter
- Exhaust silencer (supplied loose)
- Exhaust line expander (supplied loose)
- Flange and gasket on the engine
- Thermosetting powder coated paint
- Battery cut-off switch
- Engine oil extraction pump
- Diesel leak retention basin
- Accumulator

Galaxy **GO** Series
Diesel Generator
20 - 650 kVA

MECHANICAL FEATURES:

The GALAXY GO model is equipped with strong support feet to facilitate forklift handling and stabilizing the unit on uneven ground. The support feet have holes to permanently fasten the generating set on site.

All GO models are pre-arranged for the optional central lifting eye bolt and canopy installation.

All GO models are equipped with fuel and lubricant-resistant rubber anti vibration mountings.

All GO models are equipped with collection basin and fuel tanks.

OPTIONAL EQUIPMENT:

- Central lifting points (standard on GV150 and GV200 baseframes, not available with oversize tanks)
- Air extraction conveyor
- High sound insulating exhaust silencers
- Exhaust silencer installed inside the conveyor
- Set-up for quick release fittings (auxiliary, external tank connection)
- Racor or similar fuel pre-filters
- Oversize tank
- AMF automatic panel and auto start
- ATS panel
- Radiator liquid level sensor
- 230V electric pre-heater
- PW005 terminal board for external electrical control panel
- Electronic speed regulator (if not provided as standard)
- Synchronised control panels
